credit unions are different

Credit Unions are different in a number of ways from banks and other financial institutions in the fact we are owned by the members we serve and the volunteer Board of Directors are elected by the membership. The credit union is operated for the best interest of all members and not for the special interests of stock holders as in banks and other financial institutions. Our Primary purpose is to manage your money in a safe and prudent manner and to make loans at competitive rates for our members and pay competitive rates on savings. And above all to provide good service to our members.

If you live, work, worship, or attend school in Curry County,
you are eligible to join High Plains Federal Credit Union

we have some of the lowest rates around

We pride ourselves on giving our members some of the lowest loan rates on the High Plains, where every percentage point counts. Our loan officers work hard to get you the best rate available here at the credit union. Come see us today.
